MEMORANDUM FOR: Chief, WE, DD/P
ATTENTION: Chief, PM Staff
SUBJECT: CIA/RR OR L-60-1, Part XVIII, Cuba: Urban Areas
REFERENCE: PM/D Memorandum of Request dated 25 August 1959,
and our Memorandum dated 31 December 1959, Same
Subject

1. Attached in two copies each are draft annotated map overlays for 12 Cuban cities prepared by the Army Map Service at our request. Draft overlays for the additional cities on your list will be forwarded as received.

2. Because of programming complications that evidently arose during their preparation the overlays are extremely skimpy. Main subjects of interest are covered, but not in the detail specified. I am accordingly withholding these overlays from final drafting and reproduction pending your advise as to steps that should now be taken. There appear to be three alternatives:

a. We can undertake to beef up each overlay before releasing it for reproduction. This will delay our production of material on your next priority area.

b. Based on your selection, we can beef up certain of the overlays only, and release the remainder for reproduction. This would involve a proportionately smaller delay.

c. All overlays can be released immediately for reproduction, with the understanding that beef up and rerun may be required subsequently for certain of the cities as rush needs develop.
